i. Discussion

1. Senator Yadav shared that he is writing s ASISU impact book with all of the projects we have completed. 15 new clubs were formed, 3 were reactivated, and almost \$61,000 was awarded to support all the 125 active ASISU clubs in the forms of CESAR and/or Benny Funding. Additionally, \$25,200 was awarded to support more than 75 ISU Bengals with their academic-related conference travel expense. ASISU has a normal usage rate of its internal fund except the Benny Funding which has a utilization rate of 36%. It is suggested to get more engagement among clubs so this fund can be utilized. It is important to remember that Benny Funding or Club Event Funding is only to hold events by the club, not for travel by any means. ASISU Senate approved roughly \$93,000 from reserves to support various needs of the university-wide efforts and COSGA trip. It is recommended to lower such ad-hoc utilization of reserves and develop a longer-term plan for strategic investment. He is also working on developing a confidential finance guidebook. He also shared the visualization graph that he has developed which will aid in the flow of ASISU finances. He highlighted the bug expenses that came out of reserves and shared the big take way that no matter the amount, going over the budget is a significant thing, we should look to find balance of these operations.
