WHAT THE NNMCM IS:

A math outreach program that serves 1,500 students and 250 teachers per year in the Navajo Nation. We like to hear, “I am Diné and I love math.”

The program has been running for four years in an area the size of West Virginia in the American Southwest.

COMPONENTS:

For K-12 students

- After school math circles
- Math and engineering festivals
- 2-week summer camp at Diné College
- Mentoring throughout a school year

For teachers
