Educational Technology Services Overview

Idaho State University's Educational Technology Services (ETS) is located on the lower level of the Eli M Oboler Library. ETS offers a variety of academic technology services by way of the following support units:

- Classroom A/V Support
- Instructional Technology Resource Center (eISU/Quality+)
- Video Distance Learning Network

Classroom A/V

Overview

The Classroom A/V Support unit offers classroom technology support including the purchase, installation, and maintenance of audio-visual equipment. Equipment varies from classroom to classroom but may include control systems, projectors, computers, document cameras, and microphones.

Instructional Technology Resource Center (ITRC)

Overview

The Instructional Technology Resource Center (ITRC), which includes eISU and Quality+, is here to help Idaho State University faculty leverage technology to achieve effective learning-centered instruction. The ITRC staff provides faculty members with a variety of training resources focused on technology and

instructional design topics. Other topics include accessibility, presentations, assessment, proctoring, plagiarism, evaluations, and web conferencing.

Video Distance Learning Network

Overview

The Video Distance Learning Network (VDLN) support unit assists faculty and students in 37 Interactive Video Conference Classrooms (IVCC) spread between the Pocatello, Idaho Falls, Meridian, and Twin Falls campuses. Equipped with Cisco's most advanced UHD room systems, classrooms are standardized so faculty can have the same experience when teaching from different rooms across all campuses. Utilizing artificial intelligence, the rooms have automated camera control that enhances the interactive nature of the classes, allowing faculty and students to see each other more clearly. The rooms are integrated with Zoom to extend the reach of interconnectivity to homes, offices, and mobile devices, and have incorporated Zoom functions into room controls.

Services Offered (2022-2023)

A/V Support

Classroom Projects (2022-2023)

The Classroom A/V Support team is responsible for more than 60 video conferencing classrooms across four campuses (Pocatello, Idaho Falls, Meridian, and Twin Falls) in Idaho. This past academic year, the team completed an install and remodel in Pocatello BA-305, BA-307, and LC-17 classrooms. Work was almost completed on a new video classroom install in Meridian 818. In addition, three new Zoom rooms were added in the Pocatello Rendezvous building.

ITRC Facility Usage

Service Requests

The ITRC tracked 6,959 faculty/student service requests in the academic year (AY) 2023 by the duration of service, type of service, and the issues addressed during the service using sign-in sheets, TigerTracks, and Tawk.to chat. Figures 1-3 demonstrate three years (2020-2023) of service requests.

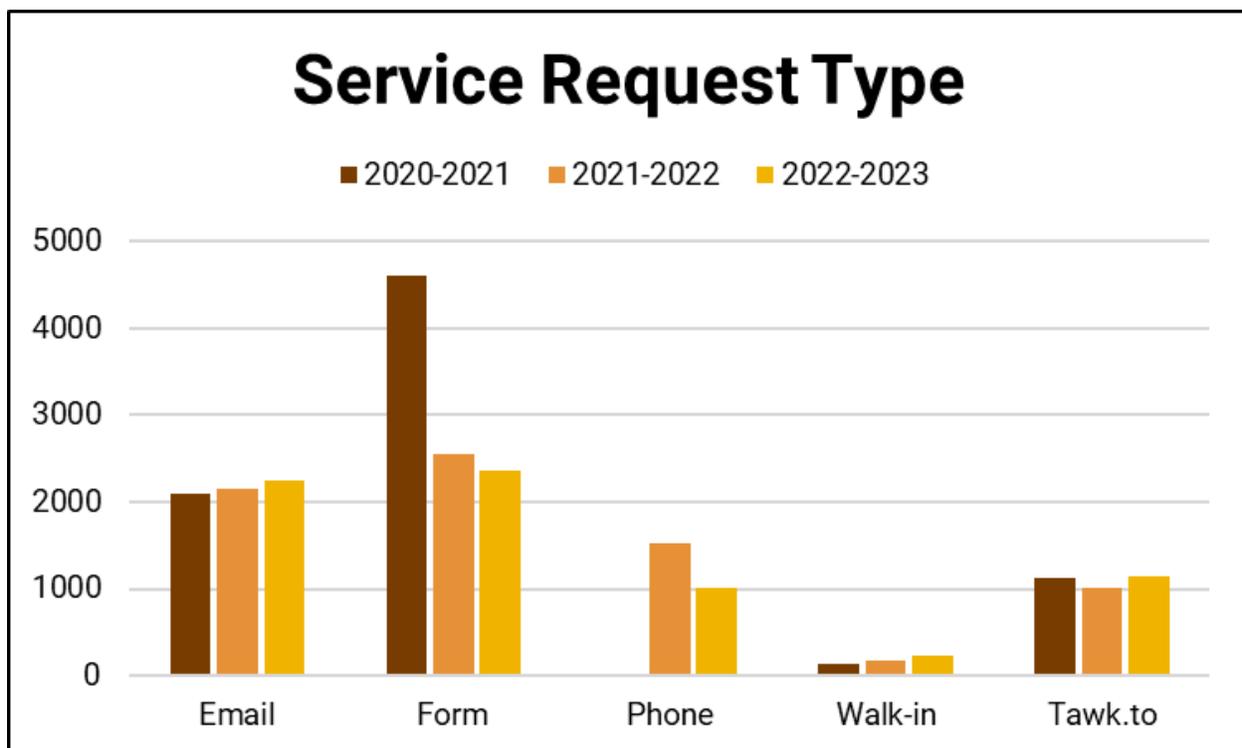

Figure 1 – Total ITRC Service Request Types (2020-2023)

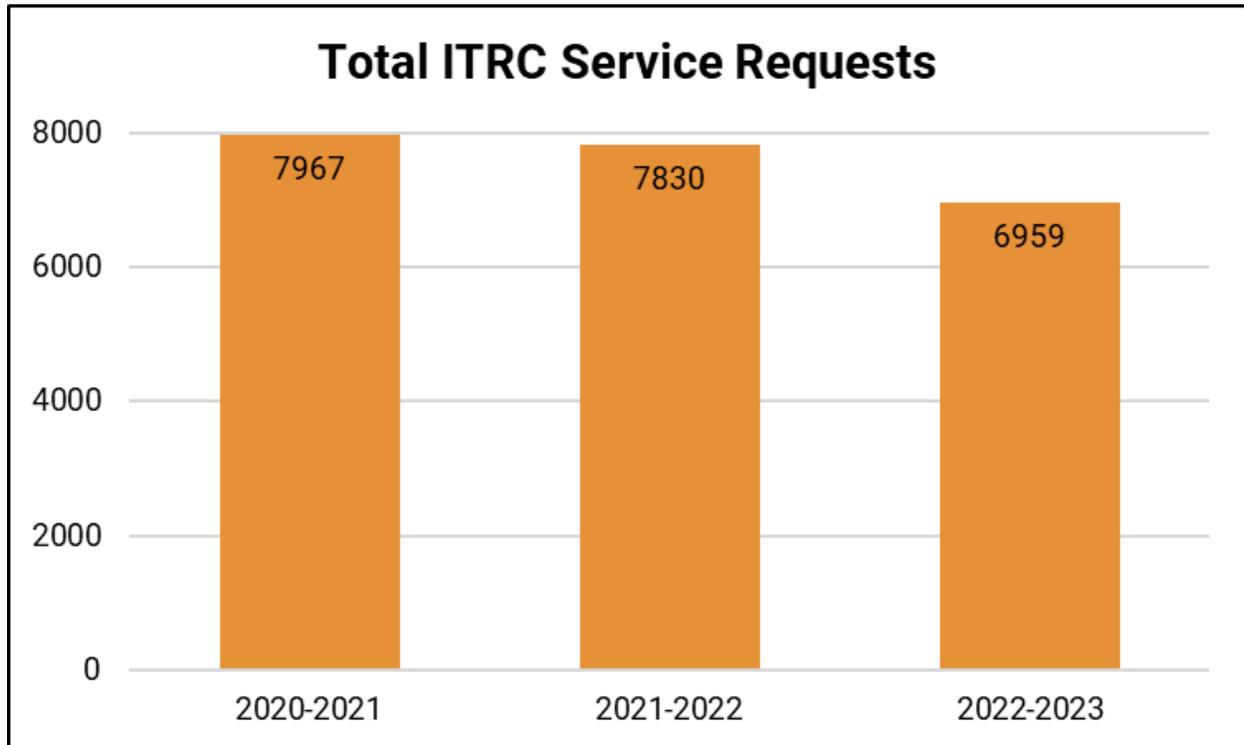

Figure 2 – Total ITRC Service Requests (2020-2023)

Contact by Service

The ITRC provides a variety of services, including online courses, online course evaluations, equipment checkout, web conferencing, professional development, proctoring, plagiarism, video classroom recordings, and video project requests benefiting faculty with teaching and researching endeavors. These services make use of numerous educational technologies (Moodle, Zoom, Turnitin, etc.) that support faculty and students with their digital learning environments. All these services are supported with online forms, knowledgebase articles, and various communication technologies to offer easy access and flexibility.

ITRC Services Offered

Moodle ISU Student Evaluations

The ITRC provides ISU faculty and staff access to a student course evaluation system disseminated through the Moodle ISU Feedback module. The following tables demonstrate the number of evaluations, courses, and students' responses by college or division.

Table 1: Total Fall 2022 Moodle ISU course evaluations

Department	Evaluations	Courses	Responses

Online Proctoring

The ITRC provides ISU faculty and students online proctoring services (Examity, ProctorFree, and ISU Testing Center) within Moodle ISU. The following tables demonstrate the number of students, courses, and exams in Moodle ISU making use of online proctoring services.

Table 3: Total Moodle ISU Online Proctoring Services (AY23)

Plagiarism and Academic Integrity

The ITRC provides ISU faculty members support with the Turnitin LTI connector to review and grade student paper assignments. The following tables demonstrate the Turnitin connections, by semester, added to Moodle ISU courses.

Table 5: Total number of courses using Turnitin LTI by AY and Semester

Equipment Checkout

The ITRC provides equipment to ISU faculty and staff for single-use instructional events. Figure 4 depicts the amount of equipment and licenses used during the 2022-2023 academic year.

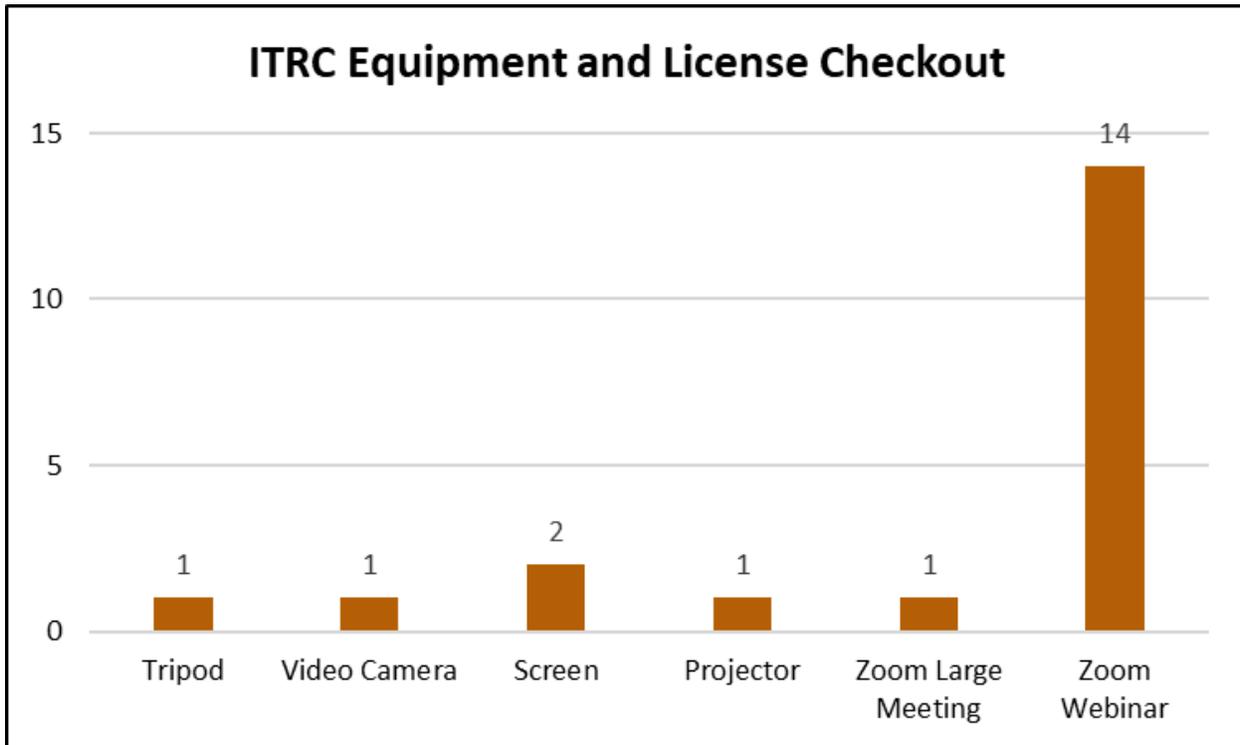

Figure 4 – Equipment and License Usage (2022-2023)

Video Captioning Services and Accessibility Projects

The ITRC started working with ISU Disability Services in the Fall of 2015 to offer video captioning services. Ean Harker was involved in providing services in the ITRC this academic year (AY23), including hiring student captioners and employing captioning vendors. The following figure provides a three-academic year overview of the captioning projects.

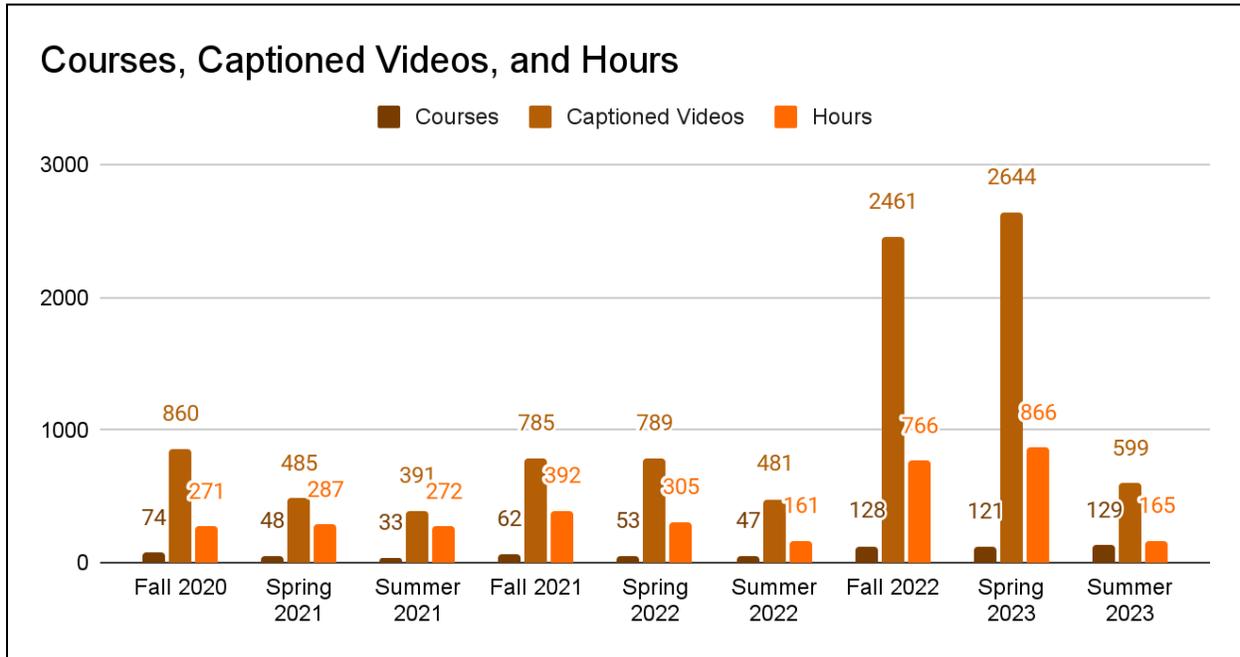

Figure 5 – Captioning projects by courses, captioned videos, and hours (2020-2023)

Web Conferencing

In the Spring of 2016, we requested faculty to participate in a focus group to evaluate web conferencing solutions. Blackboard Collaborate (Original and Ultra) and Zoom were recommended, purchased, and integrated into Moodle ISU. After two years of using both products, Zoom was determined to be the preferred web conferencing solution by ISU stakeholders. Blackboard Collaborate was removed in the Fall of 2019. Table 6 outlines the web conferencing usage for Fall 2017 through Spring 2023.

Table 6: 2017-2023 Moodle ISU web conferencing usage by course totals

LMS Projects

Max MacCluer and Michael Spall addressed the following Moodle upgrades, projects, and configurations:

- Spall and MacCluer updated Production Moodle ISU from 3.11 to 4.0 - August 2022.
- MacCluer developed 4 Moodle plugins, 3 of which have been made open-source for public use. These are all currently being used in Moodle ISU.
 - Bengal Theme (private)
 - Loom Button ([public link](#))
 - Loom Filter ([public link](#))
 - New Window Icon Filter ([public link](#))
- Spall ported Moodle ISU code, plugins, and customizations to Moodle 4.2 in Spring 2022.
- Spall and MacCluer updated Production Moodle ISU from 4.0 to 4.2 - August 2023.

Moodle Community Participation

Moodle ISU is a tailored version of Moodle's open-source learning management system. It supports web-based activities for traditional, blended, and online learning environments. In addition, Moodle ISU offers a wide array of features to support innovative pedagogy for student-centered and active learning teaching methods, which encourages the use of social constructivism.

The ITRC continues to work with its faculty to expand the usability of Moodle ISU. The ITRC used the 2022-2023 academic year to improve the usability of the Moodle ISU environment through accessibility, theme, performance, and application enhancements.

ISU has been recognized as an active participant in the Moodle community. Michael Spall and Max MacCluer are active in various Moodle working groups. Spall is a member of the Moodle Users Association.

Canvas 2023 Summer Pilot

The University's leadership asked the ITRC to support our faculty and students with an evaluation of the Canvas LMS. The Canvas Pilot Project was launched with 86 faculty

and 943 students. The ITRC staff organized faculty/staff training, offered assistance with the migration of Moodle ISU courses, and supported those needing to design their course from scratch. As part of the evaluation process, several great resources were developed:

- [Moodle and Canvas Keyboard Quiz Accessibility](#)
- [Moodle and Canvas Screen Reader Accessibility](#)
- [Canvas and Moodle Features Comparison Report](#)
- [Budgeting for Canvas Move](#)

eISU Growth (10-year Review)

The eISU program has seen significant growth during the past 10 years. ISU online courses, programs, and enrollments have all seen significant growth. When compared to other state institutions, ISU offers a larger variety of online programs.

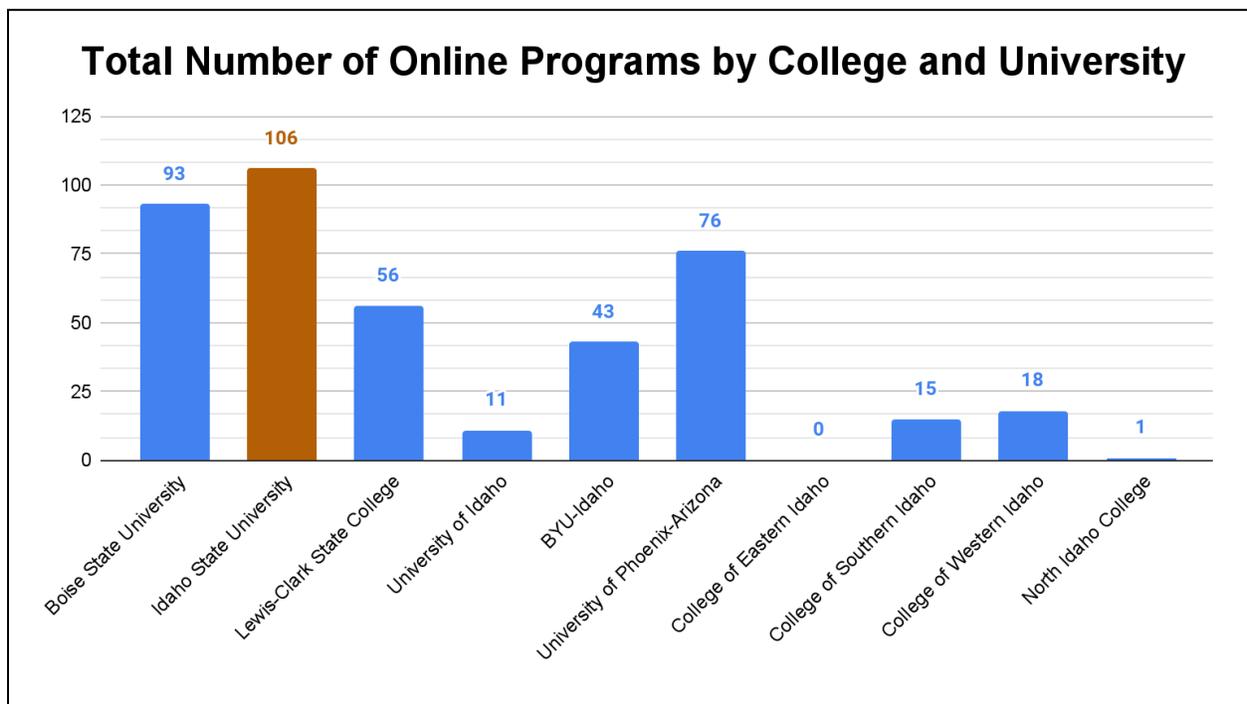

Figure 6 – Total number of online programs (Doctorate, Graduate, Bachelor, Associate, and Certificate) offered at each Idaho institution.

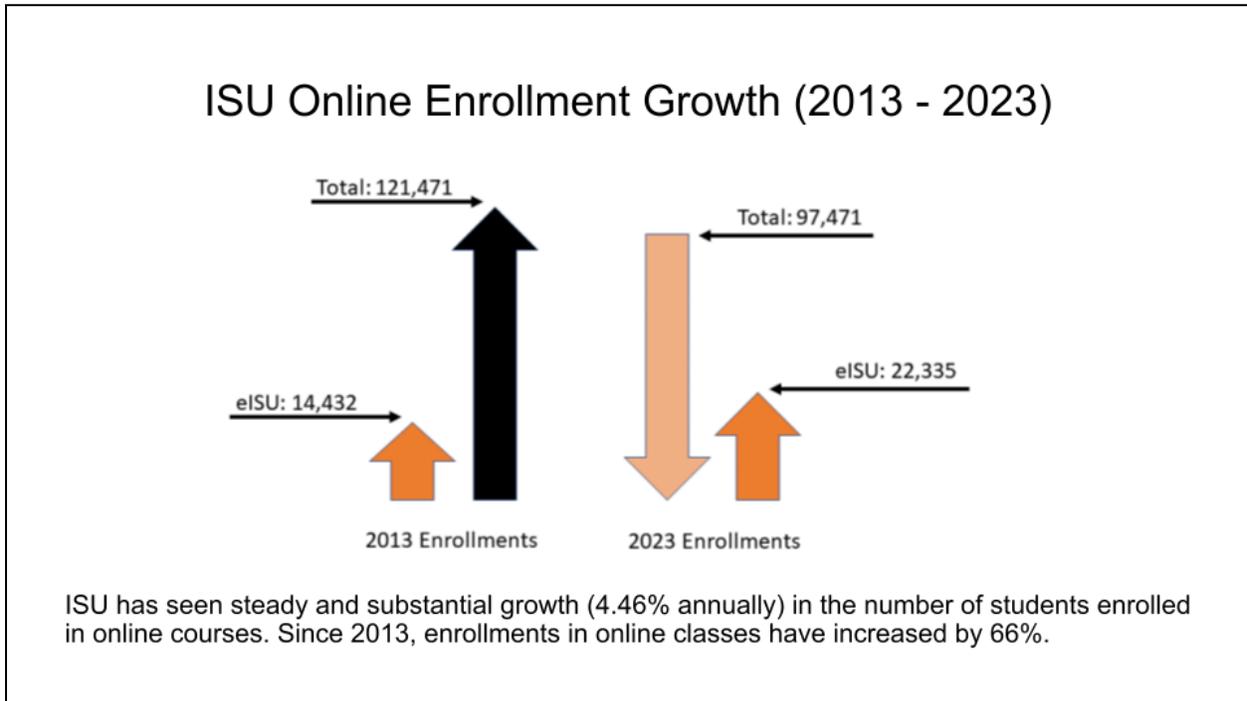

Figure 7 – Total number of ISU online course enrollments.

Moodle ISU Usage

Moodle ISU On/Off-Campus Usage

Page views are a good indicator of overall usage. From July 1, 2022, to June 30, 2023, Moodle ISU saw over 300 million page views, 71% of which were from off-campus users.

Table 7: 2022-2023 Moodle ISU On/Off-Campus usage by Total Page Views

Location	Page Views
Off-Campus	216,392,695 (71%)
On-Campus	88,494,963 (29%)
Total	304,887,658

Moodle ISU Activity Usage

From July 1, 2022 to June 30, 2023, Moodle ISU had nearly half a million forum posts. A similar figure was seen for both quizzes taken and assignments submitted.

Table 8: Moodle ISU activity usage by the sum of activity types

Activity	Number

Quizzes taken	549,606
Assignments submitted	594,479

Enrollments by Active Moodle ISU Courses

ISU Comparison of Online and Face-to-Face Courses – Fall 2022 and Spring 2023 (end of term)

Data do not include Early College students or students that are auditing. Data do not include "hybrid" courses, for example, "classroom and online." The data included are defined by:

- **Completed** - the student did not withdraw from the course or the student did not receive an "Incomplete" or "In Progress" for the course.
- **Passed** - a course grade for completing the course that was not an "F", "U", or "X".
- **Course level** - "Graduate" level includes "Professional", which are Pharmacy courses.
- **Online** - courses with a schedule type of "AO, SO, or OL" for web courses.
- **Face-to-face** - courses with a schedule type of "CL" for the classroom.

Notes: Only degree-seeking undergraduate students are used in this table. A student is considered "retained" if the student enrolled in an academic year returns or graduates in any semester in the next academic year.

Online Courses by College – Fall 2022 and Spring 2023

eISU courses have AO and OL schedule-type designations. The table listed below includes classes with AO, SO, and OL designations:

- AO = Asynchronous Online (No place or time requirement)
- SO = Synchronous Online (Time requirement but no place requirement)
- OL = Mostly Online (Up to 5 face-to-face meetings can be required).

ISU Quality+ Program

The Quality+ program officially began in the Fall of 2017. Beginning in 2012 through the Fall of 2017, ISU participated in several efforts to roll out Quality Matters™ (QM). Those efforts were based on the recommendations from the Faculty Committee which recommended we adopt QM as the standard for online courses at ISU (see the [2012 ISU QM Review Recommendations](#)).
