## ROTATIONS

---

February 2012

**Advanced Community:** CVS Pharmacy, Reno, NV  
Preceptor: Nathan Bozeat, Pharm.D.

January 2012

**Critical Care:** Renown Regional Medical Center, Reno, NV  
Preceptor: Zack Marcus, Pharm.D., BCPS

November 2011

**Ambulatory Care:** VA Sierra Nevada Healthcare System, Reno, NV  
Preceptor: William Llamas, Pharm.D., BCPS

Evaluated patient medication profiles regarding hypertension, lipid management, diabetes, and anti-coagulation therapy. Led face to face patient appointments in these areas, counseled patients, and educated on medications and lifestyle changes. Responsible for daily off-formulary drug consultations. Researched drug information questions from other providers as they arose.

September 2011

**Infectious Disease Research,** ISU Family Medicine, Pocatello, ID  
Preceptors: David Hachey, Pharm.D., BCPS and Martha Buitrago, MD

Received training in investigational review boards and human subjects research. Participated in all levels of patient care – randomization, enrollment, and mid/end of study visits. Trials included novel *Clostridium difficile* treatments, dressings for diabetic foot ulcers, and novel cellulitis treatments. Responsibilities included assisting research staff in trial visits, reviewing medication profiles of patients for inclusion/exclusion, and assisting in antibiotic selection.

Rounded twice weekly in an outpatient infectious disease clinic, answered physician and patient questions on medication regimens. Assisted in selection and evaluation of antibiotic therapy.

Rounded in outpatient HIV clinic and assisted in setup of Hepatitis C clinic, with weekly participation in a tele-health conference called Project ECHO. Served as a contributor to a hepatitis C publication by development of a drug table and content review.

August 2011

**General Medicine:** Renown Regional Medical Center, Reno, NV  
Preceptors: Mike Stander, Pharm.D. and Brad Graves, MD

Responsibilities included monitoring patient medications for optimal drug therapy; patient care involved rounding daily with doctors and monitoring efficacy/toxicity of drug therapy. Evaluated and presented patients to fellow student and preceptor daily. Presented various disease states daily to fellow student and preceptor.

July 2011

**Infectious Disease:** Renown Regional Medical Center, Reno, NV  
Preceptor: Mike Stander, Pharm.D.

Responsibilities included daily vancomycin and aminoglycoside kinetic monitoring, participation in antibiotic stewardship, and daily rounding with infectious disease physicians. Evaluated antibiotic therapy selection and efficacy. Presented varied disease states daily to fellow student and preceptor.

May 2011

**Advanced Hospital:** Renown Regional Medical Center, Reno, NV  
Preceptor: Adam Porath, Pharm.D., BCPS

Developed knowledge surrounding the organization and functioning of a centralized pharmacy. Participated in the mixing and distribution of IV medications. Rounded with clinical pharmacists on pediatric, cardiac, chemotherapy, and intensive care floors providing pharmacy consultations with medication reviews, dosage adjustments, and TPN and warfarin monitoring. Presented twice weekly on various learning issues to fellow student and preceptor.

## PHARMACY STUDENT CLINICAL ACTIVITIES

---

January – May 2011

**Hepatitis C Clinic** – ISU Family Medicine  
Preceptor: David Hachey, Pharm.D., BCPS

Completed a five-month independent research project with a newly established hepatitis C treatment program. Developed a patient database used for baseline identification of quality of care indicators. Utilized gathered information to screen and identify candidates for hepatitis C therapy, and formulated ways for the clinic to better meet quality of care indicators.

Spring 2011

**Pocatello Free Clinic**

Organized clinic drug supply, destroyed outdated drugs, and assisted in formulary product selection.

- Sept – Oct 2010                    **HIV Clinic** – ISU Family Medicine  
Preceptor: David Hachey, Pharm.D., BCPS  
Attended weekly HIV clinic and participated in direct patient care activities. Evaluated HIV medication regimens for clinical efficacy, determined significance of clinical drug interactions with antiretroviral and non-HIV medications, and presented on various learning issues. Participated in Project ECHO in evaluation of patients co-infected with hepatitis C.
- Fall 2010                            **Operation Diabetes** – ISU College of Pharmacy  
Preceptor: Kevin Cleveland, Pharm.D.  
Participated in health fairs at Bear Lake Hospital in Montpelier, ID and at Idaho State University. Educated patients on diabetes, and checked blood glucose and A1Cs. Monitored blood pressures and provided education on hypertension. Led “brown bag” station, providing information and education on patient medication regimens.
- March 2010                        **Poison Prevention** – ISU College of Pharmacy  
Preceptor: Tracy K. Pettinger, Pharm.D., BCPS  
Educated fellow pharmacy students on giving presentations. Presented poison prevention information to elementary school students.
- 2008-2010                        **Operation Immunization** – ISU College of Pharmacy  
Immunized patients at various pharmacies in Southeast Idaho with influenza and shingles vaccines

## PRESENTATIONS

---

- 2011                    **BCPS Ambulatory Care Review.** Review of COPD, asthma, anti-coagulation, lipid management, and immunizations given to residents and pharmacists of Reno's VA Medical Center. December 2011.
- 2011                    **Intradermal v. Intramuscular Hepatitis B Vaccination Effect on Seroconversion Rates in HIV-1 Infected Patients.** Literature review presented to the clinical staff of ISU Family Medicine's HIV Clinic. October 2011.
- 2011                    **Opioid Use and Selection in the Outpatient Setting.** Presentation given to the research staff of Idaho Falls Infectious Diseases. October 2011.
- 2011                    **Class Review of Highly Active Anti-Retroviral Therapy – Mechanisms and Place in Treatment.** Lecture given to third year pharmacy students during Infectious Diseases II Module at ISU College of Pharmacy. October 2011.
- 2011                    **Clinically Relevant Pharmacokinetics of Highly Active Anti-Retroviral Therapy.** Lecture given to third year pharmacy students during Infectious Diseases II Module at ISU College of Pharmacy. October 2011.

- 2011 **Alternative Treatments of Hepatic Encephalopathy.** Presentation given to medical students, residents, and attending physicians at Renown Regional Medical Center. September 2011.
- 2011 **Uses of Cefepime.** Presentation given to medical students and residents at Renown Regional Medical Center. August 2011.
- 2011 **Interpretation of Culture and Sensitivity Reports – a Guide to Antibiotic Selection.** Presentation given to medical students, residents, and attending physicians at Renown Regional Medical Center. August 2011.
- 2011 **Krystexxa® FAQ.** Quick reference guide to pegloticase given to clinical pharmacy staff of Renown Regional Medical Center. May 2011.
- 2011 **Vancomycin Kinetics and Use of the Phenytoin Nomogram.** Lecture given to third year pharmacy students during Capstone Recitation at ISU College of Pharmacy. April 2011.
- 2011 **Congestive Heart Failure Therapy.** Group presentation given to third year pharmacy students during Capstone Recitation at ISU College of Pharmacy. March 2011.
- 2011 **Bipolar Therapy in Pregnancy.** Group presentation given to third year pharmacy students during Special Populations Module at ISU College of Pharmacy. March 2011.
- 2010 **Cushingoid Syndrome In Use of Inhaled Fluticasone and Protease Inhibitors.** Literature review presented to staff of ISU Family Medicine's HIV Clinic. October 2010.
- 2010 **Treatment of Adrenal Tumors.** Group presentation given to second year pharmacy students during Chemotherapy Module at ISU College of Pharmacy. March 2010.
- 2010 **Poison Prevention Training.** Lecture given to second year pharmacy students on presenting to elementary age students. February 2010.
- 2009 **Trichotillomania.** Group review article on pathophysiology, presentation, and treatment of trichotillomania for PHAR 941 Intro to Pharmacy Practice at ISU College of Pharmacy.
- 2008 **Cephalosporins.** Group presentation reviewing cephalosporins for first year pharmacy students in Biological Basis of Drug Action at ISU College of Pharmacy.

## PROFESSIONAL LEADERSHIP

---

- April 2011 **Annual Spring Meeting** – Idaho Society of Health-Systems Pharmacists  
Student volunteer; assisted with set-up and break-down, introduced speakers, and helped to run registration booth.
- August 2010 – May 2011 **Pharmacy Class Vice President** – ISU College of Pharmacy

- August 2010 – May 2011      **Curricular Affairs Committee** – ISU College of Pharmacy  
 Student representative. Gathered feedback from student body and reviewed college curriculum, assisted in re-organization of case studies classes. Participated in accreditation review.
- 2010      **Poison Prevention** – ISU College of Pharmacy  
 Chair (2010): Organized scheduling of presentations to eight local elementary schools. Educated pharmacy students on standard presentation. Presented to elementary students on the dangers of household items.
- Spring 2009 – Fall 2010      **Pharmacy Fair** – ISU College of Pharmacy  
 Chair (2010): Responsible for recruiter contact, event organization, coordination of student volunteers and activities during the fair such as recruiter presentations, rotation roundtable, residency overview, and exhibition showcase.  
 Co-Chair (2008-2009): Responsible for student contact, assisting in event organization, and oversight of volunteers.

## AWARDS

---

- 2010-2011      ISU College of Pharmacy Dean's List
- 2011      Neil Atlee Broyles Scholarship
- 2011      Bi-Mart Scholarship
- 2010      Richard and Barbara Wells Scholarship

## PROFESSIONAL ORGANIZATIONS

---

- Sept 2011 – Present      American Society of Health-Systems Pharmacists
- May 2010 – Present      Phi Lambda Sigma
- August 2008 – Present      American Pharmacists Association
- August 2008 – Present      Idaho Health-System Pharmacists
- August 2008 – Present      Professional Pharmacy Student Alliance, ISU College of Pharmacy
- August 2008 – Present      Idaho State Pharmacists Association
