

**Idaho State
University**

**School of
Nursing**

Baccalaureate Completion Program

Admission: Students are admitted in fall, spring, and summer semesters. Courses can be taken concurrently while in an Associate Degree Nursing (ADN) program.

Students must:

- Meet with an academic advisor and discuss a Plan of Study.
- Be enrolled in or have completed an ADN Program and have a minimum 2.0 cumulative GPA among the completed ADN courses combined with any completed requisite courses
- Complete an application to Idaho State University (ISU) and the School of Nursing (SON).
- Be admitted to the SON BS Completion program in order to enroll in NURS prefix courses.

Prerequisite or Co-requisite Requirements:

- BIOL 2229 or BIOL 3306 - Introduction to Pathobiology 3 credits
 - MATH 1153 - Statistical Reasoning 3 credits
- (These courses can be completed prior to or while enrolled in the BS completion program)

NURS courses required in the BS completion program:

- NURS 3101 Professional Nursing in the 21st Century 3 credits
- NURS 3141 Promotion of Nursing Wellness and Resilience 2 credits
- NURS 3331 Introduction to Nursing Research and Evidence –Based Nursing Practice 2 credits
- NURS 3372 Nursing Care of the Older Adult 2 credits
- NURS 4101 Health, Equity, Ethics, and Legal Considerations 2 credits
- NURS 4200 Population Health Management in Nursing** 3 credits
- NURS 4202 Leadership and Population Health Practicum 4 credits
- NURS 4220 Nursing Leadership and Management* 2 credits

*ADRN degree or RN license verification required before enrollment

** To be completed concurrently or after NURS 4220 & NURS 4200

† Professional fees apply while enrolled in NURS prefix courses.

Baccalaureate Graduation Requirements:

- 120 credits of coursework, with at least 60 academic credits.
- 30 credits in the major must be taken through ISU.
- 36 upper division credits required, with at least 15 upper division resident credits in major.

Our BS Nursing Completion program offers:

- Students may concurrently enroll after completing their first term of their Associate Degree in Nursing Program
- Course work can be completed based on an individualized Plan of Study.
- Fully Online educational methods provide for flexibility in completion of course work
