# Science Convention Judges Needed

The "GLS Science Convention" will be held on FRIDAY, November 17th, 2023 and they love your help judging the 7th and 8th grade inventions! Student Invention Presentations will run from 8:30 a.m. to to 12:00 pm and judging will once again be in person (unless you'd like to participate virtually).

This is their sixth year doing inventions (13th year of the Convention). They have had award winning projects at Regionals, State and Nationals. One student recently received a free legal patent search to pursue his invention!

Come and see what these young creative minds are capable of as it's become a 'right of passage' for these middle schoolers! If you'd like to learn more about it, check out the Invent Idaho website at <https://inventidaho.com/>.

Please complete this simple [Judge Registration Form](#) before Friday November 3rd. If you have any questions, please contact Cristine Casselman at [ccasselman@gracepocatello.org](mailto:ccasselman@gracepocatello.org)
