Performing Arts Center

Volunteers Needed

An Opportuni-Tea is the premier fundraiser for the University Honors Program. This annual fundraiser grows funds used to support students in the Honors Program through scholarships. The event is made possible with the help of many student volunteers from the Honors Program.

An Opportuni-Tea is scheduled for Saturday, April 1 and we are looking for volunteers from 8:30 AM to 3:30 PM set up, operate and clean up the tea. Volunteer assistance is also needed to prepare for the tea on Friday, March 31 beginning at 2:00 p.m. You don't have to commit to the whole day - even if you can only donate a couple of hours of your time, we very much appreciate your help.

We appreciate your help! This hallmark fundraising event couldn't happen with you!!

Sign-Up to Volunteer [here](#)

Creative Submissions Wanted!

We would like to invite Honors students to donate original creative work to be auctioned in the silent auction. Donated work could be anything you've created - painting, yarn art, woodworking, ceramics, sculpture, jewelry, photography, etc. The options are endless.

Your creative work doesn't have to be fully complete in order to let us know that you are interested in submitting a donation, as long as the donated item is complete and submitted to Jacob Andrysiak by Friday, March 10, 2023.

If you'd like to donate creative work, please complete this [form](#) so we can communicate with you throughout the planning process.

Student Opportunities

NASA DEVELOP Program - Paid Summer Internship on Campus!

The NASA Applied Sciences' Capacity Building DEVELOP program is recruiting for our Summer 2023 term period – which occurs from June 05 to August 11 – at our Pocatello, Idaho location based at Idaho State University's GIS Training and Research Center (GIS TReC) and at our national program level, which has locations across the country.

They are seeking to recruit current students, recent graduates, early career or transitioning professionals, and U.S. veterans. The position includes working as part of a multi-disciplinary team to address real world issues, participating in skill building workshops and inclusion into a network of professionals across an array of scientific, technical and social backgrounds. This program frequently serves as a launchpad for career and academic advancement and is welcoming to all who wish to apply.

Please see the attached flyer with more details pertaining to this position. Please apply using this [link](#)! The application window is open now for the Summer term and closes February 24th.

Purdue University - Research Experiences for Undergraduates (REU)

The Rosen Center for Advanced Computing (RCAC) is seeking students for Research Experiences for Undergraduates (REU) paid internships for Summer '23. This program aims at developing the next generation workforce in advanced computing and cyberinfrastructure technologies. It offers students from diverse backgrounds the opportunity to gain the knowledge and skills necessary to build and support advanced research computing systems and scientific applications. Modeled after the RCAC's decade long successful student apprentice program, the REU students will learn by doing, working on the National Science Foundation funded Anvil system in a team environment and mentored by cyberinfrastructure professionals.

Open to undergrad students from all backgrounds. Each student will present their work to Purdue staff, faculty, and researchers at the end of the program, and may present at a national conference as part of the program. The 2023-year's program runs from May through August 2023.

Applications will be accepted until February 15, 2023. Apply [here](#)!

Applicants must be U.S. citizens. Questions should be directed to anvil@purdue.edu.

Aisthesis Journal Publication Opportunity

Aisthesis, a student-run annual honors journal published at the University of Minnesota Duluth is seeking academic and creative submissions from honors students nationwide. As an interdisciplinary publication, they welcome academic work, including honors capstone projects, literature reviews, and research articles, from all fields of research. Creative submissions of nonfiction, fiction, poetry, and visual art (including but not limited to painting, sculpture, short film, multimedia, and photography) are also encouraged. If you are hoping to build your resume, share your work, and publish as an undergraduate, this is the perfect opportunity for you!

The submission deadline is March 6, 2023. Guidelines can be found at <https://pubs.lib.umn.edu/index.php/aisthesis/submissionguidelines>.

ISU Ambassador Program - Applications Open for Fall 2023

We encourage students who believe they have what it takes to represent our institution by guiding campus tours, conducting high school presentations, and assisting with a variety of recruiting and campus community support events, to apply by March 17, 2023, at 5 p.m.

Minimum requirements are; 3.0 GPA; excellent communication and interpersonal skills; ability to present in front of small and large audiences; team oriented; passionate about ISU and noticeable school spirit; great work ethic and attitude.

Preferred skills include exceptional knowledge of the campus, being highly involved, and clear leadership ability.

If you believe you've got the skills, love ISU, and appreciate a high-energy work environment, this may be the position for you.

Applications should be requested using this [link](https://tinyurl.com/yZybxzsb). {<https://tinyurl.com/yZybxzsb>}

For more information, contact our office at (208) 282-2100 or email jennahopkin@isu.edu.

Dean's Excellence Fund for CoSE Majors and Minors

The College of Science and Engineering Dean's Excellence Fund is intended to support students in their journey through ISU. The Dean's Office is particularly interested in providing one-time financial assistance to students who might not be able to enroll in or complete the semester because of short-term financial hardships. Students seeking such support should be in good academic standing.

Assistance from the Dean's Excellence Fund is not meant to replace scholarships or other traditional forms of financial aid.

If a student owes any past due balances to Idaho State University, that amount will be deducted from any disbursement and the net amount will then be dispersed to the student. Please consider this when making a request. Apply [here!](#)

Braille Technician Position

Disability Services is looking for a new Braille Technician! As Braille Technicians, you help the Blind students on campus by making their school materials accessible (e.g., making PDF's screen-reader accessible). The position doesn't require knowledge of Braille (though it's helpful), just being able to work with MOS products. Anyone who wants to inquire about the position can reach out to Casey Quiroz (caseyquiroz@isu.edu) or Eric Hall (erichall1@isu.edu).

Honors Specific Scholarships

Don't forget to check out BOSS for the following scholarships:

- ICCU Scholarship for Perseverance
- Lookout Credit Union Scholarship for Community Service
- Lookout Credit Union Scholarship for Excellence in Business
 - SDS Scholarship
 - Owlportunity Scholarship
 - Heithoff Scholarship
